Maxial Track Hoist | 450 Lbs. | Maxial Track Hoist

The Maxial System offers a fast, easy solution to the transportation of both frame or system scaffold and the delivery of building materials needed to stock higher scaffold bays.

- Delivers either system or frame scaffold to heights of over 175 ft.
- Provides continual scaffold and material delivery at over 80 ft. per minute
- Improves job site productivity, increases morale, and reduces job site injuries
- Substantially lowers overall labor costs

After scaffold is erected, other trades can use the hoist for lifting general materials. Trades like: General Contractors, Specialty Contractors, and EIFS.
