

## THE LIFTING EXPERTS

### Who We Are

In 1990, LGH began a long journey with just a handful of employees and one destination in mind: to become the best in lifting solutions. Since then, our company has grown over 20 times in size. We take immense pride in having provided safe lifting and rigging solutions to customers like you for more than thirty years.

LGH is now the largest single organization exclusively devoted to the provision of lifting and moving equipment for rent and sale in North America. We service a vast multitude of industries, including construction, petrochemical, transportation, military, energy, infrastructure, and more.

With 23 locations throughout North America, LGH provides hoisting, pulling, jacking, and rigging equipment to meet every conceivable lifting or moving need. LGH does this by maintaining the most comprehensive inventory of gear on the market. Whether for simple everyday tasks or complex projects, LGH has the right equipment for you. LGH recognizes that our expertise must be matched with the availability of the right equipment. Our equipment has been carefully selected for its durability and longevity. All rental stock is maintained in excellent condition and is ready for immediate and safe use.

### LGH's Mission

Support customers across the globe with the safest and most reliable lifting and rigging gear through continuous investment in our people, our equipment, and our IT systems.

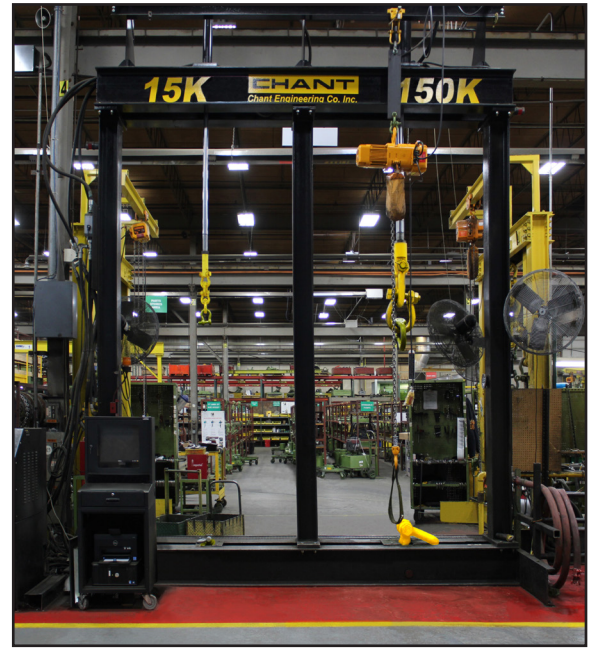

## Our Commitment to Professionalism

The success of LGH is largely due to our commitment to lifting engineering and our commitment to professionalism in everything we do.

The success of LGH is a result of our steadfast commitment to lifting engineering and professionalism in everything we do.

We are meticulous in the selection of the equipment we offer for rent or sale. We are thorough in our process of ensuring that every piece of equipment is safe and ready for use. We are professional in the way we seek to meet customers' needs. Our team of trained experts provides advice and assistance throughout the equipment selection process. From our efficient quote process to our state-of-the-art logistics and distribution systems, we ensure that the right equipment is delivered to you at the right place at the right time.

This level of professionalism is only achieved through dedication, preparation, hard work, and self-assessment. We continuously ensure that we achieve optimum levels of efficiency in all areas.

## Our Practices

### Internal Audits at LGH

At LGH, we carry out an annual program of internal audits at each warehouse, looking at both operational and administrative practices and procedures.

Apart from monitoring our administrative efficiency, we also carry out in-depth audits of all workshop practices, examining equipment, maintenance, personnel efficiency, and safety.

### Training

The success of LGH relies on thorough staff training, including both in-house sessions and training seminars from our key suppliers.

LGH provides training for all rental and sales staff, with comprehensive courses for distribution center personnel in our fully equipped rental centers. Our aim is to improve safety and training skills, as well as promote the effective and safe use of our equipment.

### Testing Equipment

LGH has a 125,000-pound Vertical Dynamic Proof testing machine capable of dual load range testing, as well as a 300,000-pound Horizontal Dynamic Proof Test Machine. This machine measures 72 feet long and comes fully equipped with a computer and Chant Datatest software, as well as fixtures for winch mounting.

Equipment testing was added to our distribution centers in a conscious effort to always deliver the safest equipment to our customers. It is also now a way for our customers to obtain safety certification for their own equipment directly from LGH.

Testing is just another way for us to make sure ***we put your safety first.***

## Service & Maintenance From Start to Finish

Service and maintenance are vital activities within LGH's sphere of operations. Over the years, we have developed processes at our locations to ensure that we sustain our leadership in the market and our reputation for delivering quality in the field.

## Serving You

### Rental

In most industries, the duration of a lifting or moving operation is typically short or medium term. Consequently, the need for equipment is often in line with that timeframe. Rentals can offer economic advantages over outright purchases.

There are several advantages to renting. For example, you do not have to worry about equipment records, maintenance, or certification. You also delegate the burden of statutory obligations.

Renting means that you can forget about long-term equipment storage space, which allows for more accurate project cost control. Renting does not involve capital costs, therefore freeing up funds for other uses.

Renting means that you do not have to make do with limited or obsolete equipment. You can choose the right piece for every specific job.

### Sales

To meet the needs of customers with a consistent equipment requirement and those who simply prefer to buy, LGH offers a wide portfolio of products for sale.

This portfolio includes items that, based on our expertise, have been chosen for their durability and immediate accessibility. Renting gives a product the ultimate test of constant, varied use. LGH chooses wisely, offering our customers a great selection based on years of experience.

## Our Promise to You

### Lifting the Standards

At LGH, we believe that professionalism means accepting responsibility.

We do this by setting high standards throughout the lifting and rigging industry. We exceed the limit in our commitment to statutory and legal obligations in the inspection of our equipment.

We have our own range of testing equipment, including static and dynamic testing. This testing equipment simulates extreme working conditions as closely as possible. Our staff is trained to the highest degree possible to fulfill their safety responsibilities.

We strongly believe that, as leaders in lifting engineering, we must continuously improve our standards.

### Our Focus on You

LGH is a customer-focused organization. You can have peace of mind in knowing that our service team, from our national rental center to our sales representatives, from warehouse staff to delivery personnel, recognizes that when it comes to your needs, second best is just not good enough.

As the industry leader, we take pride in providing top-notch service. We continually develop our superior service standards, processes, and employees because our mission is to **safely serve you better.**

# LGH Rental Inventory Breakdown

LGH has a high quantity of rental inventory in its rental stock as well as having inventory in its new stock as well. The following is a list of the top 20 pieces of rental equipment that we currently have in our rental fleet:

## TOP 20 PRODUCTS

<b>Hand Chain Hoists</b>  <b>Capacities (tons):</b> 1 – 50 <b>Qty. in Rental:</b> 6,480 +	<b>Air Chain Hoists</b>  <b>Capacities (tons):</b> 1/2 – 100 <b>Qty. in Rental:</b> 2,530 +	<b>Electric Chain Hoists</b>  <b>Capacities (tons):</b> 1 – 10 <b>Qty. in Rental:</b> 530 +	<b>Come-A-Longs</b>  <b>Capacities (tons):</b> 3/4 – 9 <b>Qty. in Rental:</b> 4,200 +
<b>Hydraulic Cylinders</b>  <b>Capacities (tons):</b> 5 – 1,000 <b>Qty. in Rental:</b> 4,000 +	<b>Griphoist Machines</b>  <b>Capacities (tons):</b> 1 – 4 <b>Qty. in Rental:</b> 140 +	<b>Machine Skates</b>  <b>Capacities (tons):</b> 33/4 – 100 <b>Qty. in Rental:</b> 2,630 +	<b>Wire Rope Slings</b>  <b>Capacities (vertical tons):</b> 4.9 – 441; select diameters <b>Qty. in Rental:</b> 5,290 +
<b>Electric Winches</b>  <b>Capacities (tons):</b> 1/2, 11/2 (1,000 – 3,000 lbs, single line pull) <b>Qty. in Rental:</b> 385 +	<b>Air Winches</b>  <b>Capacities (tons):</b> 1/2 – 11 (1,000 – 22,000 lbs, single line pull) <b>Qty. in Rental:</b> 455 +	<b>Beam Trolleys</b>  <b>Capacities (tons):</b> 1 – 50 <b>Qty. in Rental:</b> 3,220 +	<b>Beam Clamps</b>  <b>Capacities (tons):</b> 1 – 33 <b>Qty. in Rental:</b> 3,455 +
<b>Shackles</b>  <b>Capacities (tons):</b> 2 – 700 <b>Qty. in Rental:</b> 8,150 +	<b>Polyester Round Slings</b>  <b>Capacities:</b> 31,000 – 306,000 lbs <b>Qty. in Rental:</b> 3,590 +	<b>Sheave Blocks</b>  <b>Capacities (tons):</b> 2 – 150 <b>Qty. in Rental:</b> 1,680 +	<b>Manbaskets</b>  <b>Capacities:</b> 500 – 1,000 lbs <b>Qty. in Rental:</b> 75 +
<b>Steel &amp; Hydraulic Gantries</b>  <b>Steel Gantry Capacities (tons):</b> 3 – 10 <b>Hydraulic Gantry Capacity (tons):</b> 20, 40 <b>Qty. in Rental:</b> 160 +	<b>Aluminum Gantries</b>  <b>Capacities (tons):</b> 2, 3 <b>Qty. in Rental:</b> 265 +	<b>Material Hoists</b>  <b>Capacities:</b> 250 – 1,500 lbs <b>Qty. in Rental:</b> 180 +	<b>Modular Spreader Beams</b>  <b>Capacities (tons):</b> 24 – 1,000 <b>Qty. in Rental:</b> 780 +

LGH alone has over \$39 million dollars of rental stock and this number grows every day. LGH is able to provide a great deal of lifting, pulling, jacking, or any other type of rigging equipment for rental or sale at very short notice.
